

ANMOL SHRIVASTAVA

ACADEMIC DETAILS

Year	Degree / Board	Institute	GPA / Marks(%)
---	B.Tech in Materials Engineering	Indian Institute of Technology Delhi	7.64
2019	CBSE	Macro Vision Academy Burhanpur	90%
2017	CBSE	St Joseph's Mission School Bijuri	10

SCHOLASTIC ACHIEVEMENTS

- Awarded **Certificate of Appreciation** by the district administration for exhibiting excellent performance in JEE 2020
- All India Senior School Certificate Examination(AISSCE) 2017**: Secured a **perfect CGPA** among *1.8 million students*
- Completed online course in **Data Structures and Algorithm** offered by Coding Ninjas (July, 2021- October, 2021)

INTERNSHIPS

- PSI Tech, Product Development** (May, 2023 - June, 2023) : *Clinical Decision Support and Hospital Management Systems*
 - Built a decision support system utilizing **Django**, where diagnosis inputs were processed to generate prompts.
 - Leveraged the power of **GPT-3.5 Turbo model** through its API to fetch health care data for decision making
 - Developed robust APIs using **Nest.js** and **TypeScript**, integrated with **PostgreSQL**, to store and retrieve medical data.
 - Implemented functionality to send patient data, ensuring seamless data sharing & collaboration among hospitals
- University of Warwick, Teamwork Global** (June, 2023 - July, 2023) : *Evaluation of Market Potential for Precision Parts*
 - Evaluated the current and future demand for precision parts in the US focusing on five manufacturing processes
 - Analyzed the potential market size for each precision part by evaluating the **TAM, SAM, and SOM**

PROJECTS

- Heart Disease Prediction** (April, 2023 - May, 2023)
 - Performed extensive EDA by plotting **correlation map** and **bivariate plots** among features encoding patient's heart data
 - Trained multiple ML models on oversampled data with features of high correlation with target achieving **90% accuracy**
- Loan Default Risk Analysis** (Feb, 2023 - March, 2023) :
 - Performed null value **data imputation** and observed **correlation** between different variables to eliminate redundant data
 - Minimized both **type I** and **type II** errors by analyzing the patterns present in data by performing **EDA** and data visualization
- Simulation for Restaurant Performance Enhancement** (December, 2022 - January, 2023)
 - Developed an **event-driven simulation** system for a burger shop to optimize metrics like waiting time and queue length
 - Implemented custom **Heaps** integrated with **queues** to efficiently manage event prioritization and customer queues
- Hierarchical Employee Information Management System** (August, 2022 - September, 2022)
 - Engineered a software solution to effectively manage and navigate employee information within organizations
 - Integrated AVL trees for rapid employee ID searches which reduces the time complexity from **O(n)** to **O(log(n))**

TECHNICAL SKILLS

- Languages**: C, C++, Java, Python, Typescript, Sql, Latex | **Web Development**: Nest.js, Django, Spring Boot, HTML
- Softwares and Libraries**: Github, Jupyter, Pandas, Seaborn, Sklearn, Matplotlib | **Database**: Postgresql, Mysql, Neo4j

POSITIONS OF RESPONSIBILITY

- Convener, Co-curricular and Academic Interaction Council IIT Delhi** (July, 2022 - May, 2023)
 - Elected** to the **highest council** for academics and cocurricular activities by the entire quorum of department
 - Presented the proposal of a departmental society before the administration | Served as **founding member** in the society
 - Organized **Departmental Sessions** for guiding the students for academic projects and other academic opportunities
- Mentor, Board for student welfares** (July, 2022 - May, 2023)
 - Mentored five freshers providing necessary academic help and mental support to ensure **smooth onboarding** into IIT
 - Coordinated with BSW team during various onboarding activities related to **academics, language and mental health**
- Activity Head, Events Tryst IIT Delhi** (March, 2022 - April, 2022)
 - Managed **10+** events at the technical fest of IIT Delhi, each event had **more than 20** participants.
 - Ideated new **event ideas** and was also responsible for inviting guest speakers, and catered to the needs of guests

EXTRA CURRICULAR ACTIVITIES

- Mentored a team in Samsung Solve for Tomorrow Event** (July, 2023)
 - Guided a team of **3 students** through a 5-day event, assisting them in pitch deck preparation & refining presentation skills
- Breaking Speaker, Stalwarts 2021** (January, 2021)
 - Selected in **Top 16** out of **more than 350** participants in IIT Delhi's Fresher's *Debating Competition* stalwarts.

ANMOL SHRIVASTAVA

IIT COURSE

Degree	Institute	CGPA
B.Tech in Materials Engineering	Indian Institute of Technology Delhi	7.64

POSITIONS OF RESPONSIBILITY

- Convener, CAIC (June, 2022 - May, 2023)
- BSW Mentor, BSW (June, 2022 - May, 2023)
- Tryst Executives, CAIC (July, 2021 - May, 2022)

EXTRA CURRICULAR ACTIVITIES

- Volunteer, Office of Career Services (July, 2021 - May, 2022)
- Breaking Speaker (5 days || Fresher Extempore), Stalwarts 2021 (January, 2021 - June, 2021)

COURSES DONE

Intro. To Electrical Engg., Intro. To Computer Science, Linear Algebra & Diffe. Equa., Electromagnetic Waves & Qua.mec., Calculus, Data Structures And Algorithms, Materials Modelling
